### Poker Hand Rankings

1. **Royal Flush** - A royal flush is a straight flush that has a high card value of Ace. This is the highest hand in poker.

6. **Straight** - Five cards in sequence of mixed suits. The straight that has the highest card is the winner.

2. **Straight Flush** - A straight flush is a five card sequence of the same suit.

7. **Three of a Kind** - Three cards with the same rank / value. Ties are broken by the highest value.

3. **Four of a Kind** - All four cards of the same rank / value.

8. **Two Pair** - Two sets of equal value cards. The pair with the higher value is the tie breaker.

4. **Full House** - Three of a kind combined with a pair. Ties are broken by the three of a kind and then by the higher pair if necessary.

9. **Pair** - Two cards of equal rank / value.

5. **Flush** - Any five cards of the same suit, but not in sequence. Ties are broken by the high card within the flush.

10. **High Card** - A hand with no other combination is valued by the highest ranked card.
